BROWSING RECOGNIZED STUDENT ORGANIZATIONS (RSOs) 2.

With over 500 different RSOs, it can feel a bit overwhelming. Use the filtering features to help you narrow down the list of potentials.

Click on the "Organizations" tab in the top banner, then search by category or keyword on the left.

3. RESEARCHING ORGANIZATIONS

Found an organization you are interested in? Check out their portal by clicking on their icon. From their portal you can check out past events, photos, or even contact the officers to get more information.

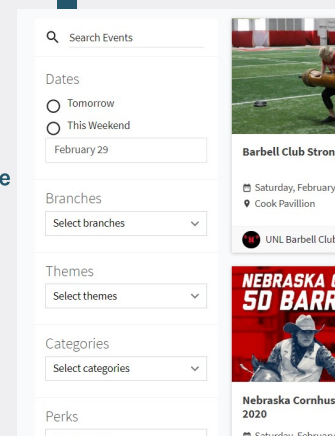

4. CHECK THE CALENDAR

It might seem quiet right now, but once Fall semester starts, the calendar will come alive with events!

Click on the "Events" tab in the top banner and check out all the events and activities that are open to the UNL community.

The filtering feature allows you to search by a variety of criteria including date, theme, and perks such as free food!

Clicking into an event will show you more specific details.
